

Dear MasterCard® Cardholder,

They say money cannot buy happiness, and they are absolutely correct. That is why our conversations about the priceless things in The Islands of The Bahamas have very little to do with material things.

We prefer to focus on our many natural blessings – the world's clearest turquoise waters, balmy breezes, blue skies, and miles and miles of powdered sand beaches. We have a citizenry of caring individuals with hearts as warm as the sunrises that spotlight our islands, and our great desire is that our friends all around the world would find their way to our shores frequently for our Bahamian hospitality.

This is why we are delighted to see our partnership with MasterCard expanding. It gives us the opportunity to reveal more and more of our islands to our guests. We look forward to hosting you in our islands as you enjoy our variety of retail outlets, tours, attractions and places of historic and cultural interest.

So remember, travel to the islands may have a price tag, but enjoying the authentic Bahamian experience is always priceless.

Yours sincerely,

Obediah H. Wilchcombe
